

Don't Just Make Profits, Generate Wealth

POWER OF PATTERNS Level - I

Mr. SANDEEP WAGLE

**A UNIQUE, PRACTICAL & FULLY RESULT
ORIENTED WORKSHOP THAT CAN SHAPE
OUR FINANCIAL DESTINY**

This workshop is conceived by Sandeep Wagle, one of the leading Technical Analyst in India who has an experience of 25 years in the Stock Markets. The indicators and tools which form the core of the trading system are the ones which are used by some of the best analysts in the world and tested for more than 10 to 15 years and have a phenomenal track record.

The workshop is totally practical, interactive and is designed in a manner that will help participants who are totally new to the stock markets, understand the concept of Technical Analysis. Over and above that, the participants are given an opportunity to actually participate in the research and analysis process along with our team for a period of 1 & ½ months. This support will facilitate better learning and also help in actually identifying outperforming stocks and sectors and will eventually lead to generating better returns on their Investment / Trading Capital.
